

Atu (12700) Staff Impression

Atu is attractive with an oval face, flawless skin, full lips, arched brows, and proportionate features. He was a college athlete and continues to stay physically fit and active by playing soccer and ping-pong and practicing martial arts such as judo and jujitsu.

Atu is patient, kind, caring, intelligent, and great with kids. In his current career as a teacher educating primarily neurodivergent children. He grew up in the United States in a multicultural household, but also spent a significant amount of time in South America visiting Guyana. His experiences and connections with people who come from different cultures, socioeconomic backgrounds, and abilities have given him tremendous perspective, yet he retains an exceptional level of optimism. We think he is an amazing and impressive individual and we are thrilled to have him in our program
