

Don (12547) Staff Impression

Don is charming, hard-working, open-minded, and has an all-around great personality. He is very handsome with a muscular build, broad shoulders, and masculine facial features with a square chin, deep-set eyes, a prominent yet well-proportioned nose, chiseled bone structure, and flawless skin.

Don spent years working in the construction industry before making a big jump to go back to school to become an esthetician! Don became interested in the industry because he wanted to have a job where he could avoid injuries of working in construction while getting to interact with people from all walks of life while in a comfortable environment. Quite a clever career shift for an outgoing people-person who enjoys working with his hands! He hopes to travel, start his own business, and save up some money to go back to school in the future to study economics.
