

Layton 14297

Layton is a warm hearted, artistic, kind, and intelligent guy who we consider a jack-of-all trades. He has brown hair, the most piercing blueish green eyes, and a great smile to match. Layton currently is a mentor for kids and would like to one day be a public-school teacher, as well as pursuing his passion for music. In fact, he plays guitar, bass, and piano! His friendly personality never ceases to brighten our day around the office, and we enjoy hearing about his recent theater productions.

In his free time, Layton enjoys snowboarding, swimming, running, and playing soccer. He also enjoys dance and yoga, and of course, recording music. Layton wanted to be a donor to help families who are struggling with infertility, and we are so thankful to have him!
