

Romo Staff Impression

Romo is quite adorable! He is tall and has a beautiful tan complexion, which he owes to his Mexican heritage and playful smile. Romo has a thick head of straight black hair, which he tries to tame by keeping it short. Romo wears glasses but behind them has very kind brown eyes. He has a round jawline and cute dimples.

Romo is currently enrolled in a Mechanical Engineering, he plans to pursue a career with an engineering firm in the future, hopefully, one that affords him the opportunity to travel and invest in the future. When he is not busy with his studies, he enjoys playing soccer and long-distance running. Romo comes from a larger family, he values the moral compass and strong work ethic they have instilled in him. Romo is a kind, compassionate, funny, and outgoing young man. He is a great addition to our donor program, and we are so happy to have him.
