

Elliott Staff Impression

Elliott has hazel eyes, light brown hair, and stands at 6 ft. 1. A fraternal twin, his European ancestry combines Scottish, Irish, German, and Polish. His medium complexion tans easily when he is swimming in the sun and other outdoor activities.

He has an insatiable intellectual curiosity and enjoys a career in aviation. A dog lover, he hopes to have a dog rescue when he retires from aviation. He has strong family bonds, lives with his twin brother, and visits regularly with his other siblings. He is a sociable introvert who is persistent, curious, and humble. We are so happy to have Elliott in our donor program!
