

### **Staff Impression Baylen N4004**

Baylen is inviting, easy going, and very cute! He has a beautiful, wide, full lipped smile that stretches across his square face. He has medium brown facial hair that covers the bottom half of his face, fairly trimmed with some covering his neck. He has a long, straight, nose with small nostrils. His eyes are a stunning light green that shine next to his dark brown eyebrows. His eyebrows are long and rectangular, framing the entirety of his eyes. He is also extremely stylish, sporting a blue faux leather jacket over a brown striped button down, brown pants, and maroon boots, catching your eye when he walks into a room!

Baylen's friends describe him as whimsical, empathetic, and free spirited! He also is intelligent, self-aware, has a strong sense of justice and is not afraid to speak up when necessary. This translates through his work as a PTSD specialized psychologist and extending emotional support to his friends whenever needed. He emphasizes his value of alone time as well, seeking out solo adventures by visiting the zoo or finding a good hiking trail! Baylen's interests, emotional awareness, and strong values, make us excited to have him in our program!
